

Tanvi Joshi

Mobile App Developer

Pune, India | +91 91111 22233 | tanvi.joshi.app@gmail.com | linkedin.com/in/tanvijoshi-app

PROFESSIONAL SUMMARY

Mobile App Developer with 3 years building cross-platform apps using Flutter and React Native, focused on smooth UX and performance.

SKILLS

- Flutter, Dart
- React Native, JavaScript
- Firebase (Auth, Firestore, FCM)
- REST API integration
- State management (Provider, Redux, Bloc)
- iOS/Android native build pipelines
- Play Store & App Store deployment
- UI/UX implementation from Figma

WORK EXPERIENCE

Mobile App Developer — Appwave Studios

Sep 2022 - Present

- Built and published a fitness tracking app with 50,000+ downloads on Google Play and App Store
- Reduced app crash rate from 4% to under 0.5% through systematic bug triaging and monitoring (Sentry)
- Implemented push notification system using Firebase Cloud Messaging, increasing user re-engagement by 20%
- Optimized app startup time by 35% through lazy loading and image caching strategies

Junior App Developer — Mobilify Tech

Jul 2021 - Aug 2022

- Developed UI screens for a React Native e-commerce app following Figma design specs pixel-for-pixel
- Integrated payment gateway (Razorpay) and order tracking APIs into the mobile app

PROJECTS

Habit Tracker App

Built a Flutter app with local notifications and streak tracking, published on Google Play

Campus Events App

React Native app for college event discovery with Firebase backend and RSVP functionality

EDUCATION

B.E, Computer Engineering — Pune Institute of Computer Technology

2017 - 2021

CERTIFICATIONS

- Google - Associate Android Developer
- Flutter & Dart - The Complete Guide (Udemy)
