

Meera Iyer

Information Security Engineer

Mumbai, India | +91 90123 45678 | meera.iyer.infosec@gmail.com | linkedin.com/in/meera-iyer-sec

PROFESSIONAL SUMMARY

Information Security Engineer focused on application security and secure development practices across cloud-hosted products.

SKILLS

- Application security (OWASP Top 10)
- Static & dynamic code analysis (SAST/DAST)
- Cloud security (AWS IAM, Security Groups)
- Burp Suite, OWASP ZAP
- Risk assessment & compliance audits
- Secure SDLC implementation
- Python scripting for automation
- Identity & access management (IAM)

WORK EXPERIENCE

Information Security Engineer — FinTrust Technologies

Jan 2022 - Present

- Performed security code reviews for 30+ releases, identifying and resolving critical vulnerabilities pre-deployment
- Implemented automated SAST scanning in the CI/CD pipeline, catching issues 60% earlier in development
- Led quarterly access reviews for AWS IAM roles across 50+ accounts, tightening least-privilege policies
- Coordinated annual penetration testing engagements with external vendors

Security Analyst Intern — NetGuard Consulting

Jan 2021 - Dec 2021

- Assisted in compliance audits against ISO 27001 controls for client organizations
- Documented security policies and incident response runbooks

PROJECTS

Vulnerable Web App Audit

Performed a full OWASP Top 10 assessment on a deliberately vulnerable web app (DVWA) and documented findings

AWS Security Baseline Checklist

Created an internal checklist and automated script to audit AWS account configurations against CIS benchmarks

EDUCATION

B.E, Information Technology — University of Mumbai

2017 - 2021

CERTIFICATIONS

- Certified Information Systems Security Professional (CISSP) - In Progress
- AWS Certified Security - Specialty
