SKILLS

- Strategic planning & execution
- Market & competitor research
- Financial modeling (Excel, Google Sheets)
- Cross-functional project management
- Investor deck preparation
- Process & operations optimization
- Data-driven decision making
- Stakeholder communication

WORK EXPERIENCE

Founder's Office Associate — Quantum Loop (Early-stage Startup) *Aug 2022 - Present*

- Built financial models and investor pitch decks that supported a successful \$1.5M seed funding round
- Led a cross-functional project streamlining the onboarding process, reducing customer activation time by 30%
- Conducted market research across 5 verticals to identify new growth opportunities, 2 of which were greenlit
- Managed founder's calendar, key OKRs, and weekly leadership review decks

Business Analyst Intern — Catalyst Ventures *Jan 2022 - Jul 2022*

- Researched and analyzed 40+ potential investment targets for the venture team
- Prepared due-diligence summaries used in investment committee discussions

PROJECTS

Go-to-Market Strategy Document

Authored a GTM strategy for a new product line, including pricing, positioning, and launch plan

Operational Dashboard

Built a Google Sheets-based KPI dashboard tracking key startup metrics for weekly founder reviews
