Full Stack Web Developer

Pune, India | +91 90909 12121 | aditya.kulkarni.dev@gmail.com | linkedin.com/in/aditya-kulkarni

PROFESSIONAL SUMMARY

Full Stack Developer with 4 years of experience building responsive web applications using the MERN stack, with a focus on performance and accessibility.

SKILLS

- JavaScript (ES6+), TypeScript
- React.js, Next.js, Redux
- Node.js, Express.js
- MongoDB, PostgreSQL
- REST & GraphQL APIs
- HTML5, CSS3, Tailwind CSS
- Git, Docker, CI/CD
- Jest, Cypress (testing)

WORK EXPERIENCE

Full Stack Developer — Webcrafters Studio

Mar 2022 - Present

- Built and shipped a SaaS dashboard used by 5,000+ monthly active users using React and Node.js
- Migrated legacy jQuery codebase to React, improving page load speed by 40%
- Designed REST APIs serving 1M+ requests/month with 99.9% uptime
- Implemented CI/CD pipelines using GitHub Actions, cutting deployment time from 30 to 5 minutes

Frontend Developer — Brightlane Software

Jul 2020 - Feb 2022

- Developed reusable component libraries reducing UI development time by 25%
- Built responsive layouts ensuring cross-browser and mobile compatibility
- Worked closely with designers to convert Figma mockups into pixel-perfect UI

PROJECTS

TaskFlow - Project Management App

Built a Trello-like Kanban app with drag-and-drop boards using React, Node.js and Socket.io for real-time updates

Recipe Finder

A responsive web app fetching recipes via public APIs with search and filter functionality
